

Back2Golf Operations Playbook

Objective	To work as Allied Golf Organizations in building a comprehensive and medically approved plan that allows golf to be played as a social distancing compatible recreational activity in the United States as we begin recovering from the COVID-19 pandemic. This plan has been developed to help open golf where it is currently closed and keep golf open responsibly.		
Key Strategies	<ul style="list-style-type: none"> - Developed the operational underpinnings of the plan off the White House and CDC "Guidelines Opening Up America Again" including a specific, three-phased approach to golf that aligns with the broader plan to reopen the economy. - Built a corresponding "Back2Golf Operational Playbook" that provides medically reviewed recommended practices for use at facilities across the country. - Adhere to all state/county/local health official's guidelines and regulations when operators are building implementation plans which may differ from from the Back2Golf Guidelines and Operational Playbook. - Promote aggressively the necessary social distance guidelines specific to golf that lead to good behavior by golfers in every phase. 		
	Phase ONE	Phase Two	Phase Three
Description	Individual Play	Restricted Programming	New Normal
